

Visual Arts 4 – 2016-2017

Course Objectives:

The students will draw and paint with greater detail and with a more developed sense of context. They will explore geometric and organic shape in their design. They will also learn how to create effects with colours. Students will respond critically to a variety of works in the arts, connecting the individual work to other works and to other aspects of human endeavor and thought.

Resources:

Various applicable resources from library and internet.

Main Topics Covered:**First Quarter**

- Use art materials and tools in a safe and responsible manner
- Create rotational symmetry in artwork
