

Chinese Foreign Language (Standard) 9

Time: 5 x 35 minutes per week

Course Description:

This two year Chinese language programme is designed to encourage students to gain competence in Mandarin as a language other than their mother tongue, with the long-term goal of balanced bilingualism. At Grade 9, students follow the first year of the IGCSE Chinese as a Foreign Language curriculum in anticipation of the external examinations taken at the end of Grade 10. Students learn to develop their practical communication skills in order to gain an insight into the culture and civilisation of countries where the language is spoken, and learn to communicate appropriately.
