# DOGS AND Puppies

By: Yarra AT

I love Dogs!  
A dog is sitting on a log.  
The puppies are playing.  
I wonder, can puppies sing?

Why are puppies and dogs so cute?  
The dog is wearing a suit.  
The puppies are walking around.  
That puppy is making an annoying sound.

Let's see a match between dogs and cats!  
That dog and puppy are wearing hats.  
Puppies are playful.  
They are rough and not careful.

I should write these animals in my book.  
I should wonder, can dogs cook?  
Then I will name my puppy colourful.  
Dogs and puppies are so playful.

## MY AUTOBIOGRAPHICAL POEM

My name is Veer DhirajMulani.  
Who is kind, lazy and crazy.  
I just love it when my phone looks at me everyday I am as fast as a cheetah.  
Brother of Diya Mulani and son of DhirajMulani.  
Loves Fantastic Fortnite, mesmerising minecrafftand challenging Call Of Duty  
Who feels good about getting a good mark,.  
Clang! Cling ! Yes, very clumsy.... Forgot things a million times.  
Who needs my mom, my dad and my fabulous friends.  
Who gives sweets, help and advice for friends and family.  
Who fears dangling dolls and creepyclowns.  
Who dreams of being a doctor.  
TOTALLY likes Morreti and does nott hate him.  
I am a student of ACS JAKARTA People usually call meVeer

## Blueprints of Failure

By: Ashley 6T

That wasn't bad  
I think I did pretty well  
After all the scoldings and stuffs that made me mad I think it's not a bad performance at all!

Well I was definitely nervous  
My heart went boom boom boom boom boom!  
What if I forget my lines?  
Turns out I actually remembered them!  
I definitely hit the jackpot, didn't I?

But was that it?  
Was my volume loud enough like a lion's?  
Clear enough?  
Did I convey enough emotions like an actress'?  
Hand gestures?  
Facial expressions?  
Oh no, I'm a piece of dead meat...

I don't think my volume was loud and clear  
I didn't even convey my emotions, hand gestures, Even facial expressions!  
I must learn from my mistakes...  
I'm not becoming the blueprints of failure!

*Blueprints of Failure*
