CARING

Caring

*Such a strong word We all know it But we
don't know if we apply it In our daily lives*

*Our earth let out tears
As pollution roams free
It makes me shiver
Just thinking about it
My feet cold in water
As it touches the waste*

*Caring Is that what we are?
Or is it just a word that we know The
meaning of?
Look at the forests
It all vanished to ash
Is that what you call caring? No
So can we try to be caring?*

*Our oceans are overwhelmed With plastic
A doing none other did by ourselves
The beautiful corals and life
Are destroyed by us*

DO WE CARE?

I love food
I like Italian
Any good food will
always put me in a good
mood

Food is just so good
One of type of food I
also like is Indian
I love food

I like all, except ones
that are stewed
Oh, did you know nachos
is mexican
Any good food will
always put me in a good
mood

With food I never
brood
One of my favorite
meat is chicken
I love food

Food Always changes
my attitude
The list of food I hate
is none
Any good food will
always put me in a
good mood

Fish is my favorite
type of seafood
Food never taste like
medicine
I love food
Any good food will
always put me in a
good mood
